INSTRUCTIONS:

1. Mini Scrapbook (Case) - cut and score the following:

Wood Textures Designer Series Paper Stack - (1) 5 1/2" x 4 1/8" scored on the longways at 1/2", 1", 4 1/8" and 4 5/8"

- (1) 3 1/8" x 4 1/8" (front Piece)

- (1) 2 1/2" x 3 1/2" contrasting Wood Textures

Cajun Craze - (1) 2 3/4" x 3 3/4"

2. This project is made using an empty 2017-2019 In Color Bitty Bows Case. Measurements may vary depending on your clear case.

3. Using the Wood Textures DSP, attach the pieces to the clear box starting with the the biggest piece. Then add the smaller piece.

4. Attach the Cajun Craze and the contrasting Wood Grains piece. Stamp the Thankful.Grateful.Blessed image from the Paisleys & Posies Stamp set in Early Espresso onto a piece of Very Vanilla Cardstock and cut it out using the Big Shot and the 2nd to the biggest "oval" Stitched Framelit. Then cut a larger "oval" using Cajun Craze Cardstock and the 3rd largest die from the Layering Ovals Framelits. Layer as pictured below.

5. Make a small bow by wrapping the Linen Thread around two fingers seven times. Then pinching it together in the middle wrap a 6" piece of Linen Thread around the middle twice and tie in a double knot. Fluff out the ends of your bow.

6. Stamp and cut out 5 to 6 of the small leaf from the Colorful Seasons Stamp Set and matching leaf from the Seasonal Layers Thinlits in Cajun Craze, Crushed Curry, Pumpkin Pie, and Tangerine Tango Ink and Cardstock. Add three leaves to the box. Attach the bow to the case using a Glue Dot. The case is now finished.

7. Scrapbook (Pages) - Cut the following:

- White backing board from Designer Series Paper - (6) 4" x 3"
- Wood Textures Designer Series Paper Stack - (6) 4" x 3"
- Wood Textures Designer Series Paper Stack (lighter shade) - (6) 4" x 3"
- Cajun Craze Cardstock - (6) 3 1/2" x 2 1/2"

8. Attach darker grain DSP to front of cardboard, then layer Cajun Craze piece on top, adding it at an angle. Attach lighter grain DSP to back of cardboard. (You can write names and dates on this side or add more pictures.) Using the 1/16" Handheld Circle Punch punch a hole in the upper left hand corner of each page. Trim pictures down to 3 1/2" x 2 1/2".

9. Add pictures to the pages. Then add leaves, trim where necessary.

10. Stack the pages in the order you wish them to be and thread the ball keychain through and connect. Add a Linen Thread bow to the chain and you are finished with the little book.

11. Add the two together and your project is complete.
