## Stampin' Up! Supplies Used:

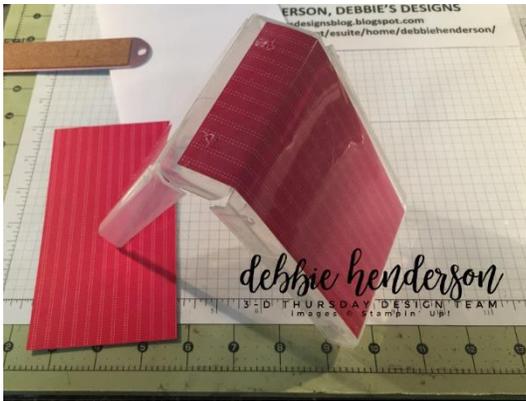

- Stamps: Christmas Quilt
- Inks: Tranquil Tide, Blushing Bride, Pool Party, Whisper White
- Cardstock: Whisper White, Blushing Bride, Pool Party, Real Red, Dazzling Diamonds Glimmer Paper
- Designer Paper: Quilted Christmas
- Accessories: Clear Faceted Gems, Blushing Bride Double-Stitched Ribbon, White Baker's Twine, Silver Mini Sequin Trim, assorted ribbons that coordinate the colors
- Tools: Paper Piercer, Heat Tool,  $\frac{3}{4}$ " Circle Punch, Scalloped Tag Topper Punch, Tear & Tape, Simply Scored Scoring Tool, Adhesive Sheets, Glue Dots, Quilt Builder Framelits Dies
- Miscellaneous: Half Wide Clear Case, Large Sewing Needle, Pen

### INSTRUCTIONS:

1. Use a pen to add a mark to the Half Wide Clear Case spine on each end at  $\frac{3}{4}$ ". Using a Heat Tool, heat the tip of the Paper Piercer until hot. Push through the clear case until you create a hole. You may have to repeat heating with the Heat Tool. The more you heat the hole with the Paper Piercer, the larger the hole becomes. You want it wide enough for the twine to go through.

- Cut two pieces of the Designer Paper to measure 3-1/4" x 6". Insert both pieces under the clear cover of the case so that they overlap each other in the center. Snap the case closed and press on the designer paper spine to create the two folds. Use the Paper Piercer to pierce through the two holes to create holes in the designer paper also:

- Remove the designer papers from the clear case and add glue to the ends (one on the underside), line up the holes and press in place. Insert under the clear wrap of the clear case:

- Using the die-cut shown below, cut (1) using Pool Party Cardstock. Press the die-cut onto the adhesive sheets:

5. Cut a piece of designer paper to measure 2-3/4" x 2-3/4". Peel and press the die-cut over the designer paper:

6. Cut a piece of Whisper White Cardstock measuring 3" x 4". Glue the designer paper layer at the top. Stamp the sentiment below the die-cut using Tranquil Tide Ink. Glue to the front of the box (you are gluing to the outside of the box), about 1/4" from the top using Tear & Tape. Stamp the flower image using Blushing Bride Ink on Whisper White Cardstock. Cut out with the die and glue in place. Add a strip of Tear & Tape below the white layer and press a strip of ribbon in place:

7. Cut (2) circles using the  $\frac{3}{4}$ " Circle Punch and the designer paper. Thread some White Baker's Twine through the holes and through the designer paper circles on the top of the clear case. Add adhesive on the back of the circles and press in place. Leave enough twine to create a handle and tie double-knots on the inside:

8. For the inside of the clear case, cut a piece of designer paper measuring 3-1/4" x 6". Score at 3-3/8", 3-7/8" and 4-3/8". Fold as shown in the first photo and add glue to the center piece to press flat as shown in the second photo:

9. Add Tear & Tape to the back of the designer paper and glue to the inside of the clear case

10. Add a Clear Faceted Gem to the center of the flower and add different ribbons tied to the handle in knots:

Fill the box with 3" x 3" envelopes, the 3" x 3" cards and the coordinating tags!

The next few pages will show you how to create 4 Mini Cards and Tags!
