Cutting Measurements:

- Card base: Very Vanilla Thick 4 ¼" x 11" - scored at 5 ½"
- Layer: Soft Suede 5 1/8" x 3 7/8"
- Textured layer: Very Vanilla 5 x 3 ¾"

Instructions:

1. Cut the Soft Suede layer and adhere to the Very Vanilla Thick base
2. Cut the top Vanilla layer and emboss using the Cable Knit Dynamic Embossing Folder – cut a strip of green & heart patterned paper from Coffee Break DSP to measure 3 ¾" x ¾" and adhere in place across the layer
3. Attach the embossed layer to the card base and wrap around a piece of Copper Trim, securing with tape on the back – just below this wrap Linen Thread around twice and secure
4. Die cut a leaf from Copper Foil using a die from Leaflets Framelits and adhere in place
5. Tie a bow from Linen Thread and add to the leaf stem with half of a glue dot – tie another bow using 4 strands of Copper Metallic Thread and pop on top
6. Die cut the cup shape, band and lid using a die from Coffee Cups Framelits – the body of the cup is cut from paper found in Spooky Night DSP – use stamps from Merry Café to decorate the die cuts and assemble
7. Use Dimensionals to add the cup to the card and a small kraft heart to the band – I punched mine out of a Corrugated Element using the Cookie Cutter Punch. Pop on a copper sequin and you are done 😊
