### Instructions:

1. Use a die in Wood Crate Framelits to cut the crate from Crumb Cake cardstock and strong tape to assemble
2. Take a foam ball and use a knife to shape it to fit in the crate – when happy with the size, use strong tape to adhere it to the crate base
3. Wrap around Linen Thread and add a bow to each end of the crate
4. Use a stamp from Star of Light and Early Espresso Ink stamp the tag and shape it using the Banner Triple Punch – use dies from Patterned Pumpkin Thinlits to cut embellishments out of Silver Foil and add to the back of the tag with glue dots – add the tag to the front of the crate using Dimensionals
5. Die cut bunches of flowers and leaves using dies from Quilt Builder Framelits, Flourish Thinlits and the Leaf Punch – I used Whisper White & Real Red for the flowers along with Dazzling Diamonds and Real Red Glimmer Papers - Garden Green and Wild Wasabi for the leaves along with a few Vellum ones too
6. Die cut swirls and stems of berries from Silver Foil using dies from Patterned Pumpkin Thinlits
7. The easiest way to assemble the flower layers is to pop a Mini Glue Dot in the center – it holds it nicely and allows you to bend up the petals for a more realistic look – and when you pop a Rhinestone Jewel into the flower center the glue dot is covered up and doesn't show
8. Now the fun bit – layer some leaves on the foam ball first using Mini Glue Dots or Hot Glue to hold them in place – add random shapes of leaves & colors next to each other - and then start adding in the flowers. As you work upwards, begin to use Dimensionals to add your flowers and leaves so that you get a stacked look – and add the silver accents as you go
9. When done you have a pretty centerpiece that is so much fun to make 😊

Here are some more photos that show how I layered & placed my flowers, leaves and silver bits...
