## INSTRUCTIONS:

1 – Cut two pieces of cardstock in the colors of your choice to measure:  $7 \frac{3}{8}''$  x  $2 \frac{3}{4}''$  and  $5 \frac{3}{4}''$  x  $2 \frac{3}{8}''$

2 – Take the larger outer piece and place into your score tool and score at: 3'', 3  $\frac{1}{2}''$  and 6  $\frac{3}{4}''$

3 – Fold along the score lines like so...

4 - Take the smaller inner piece of cardstock and score at: 2  $\frac{1}{4}''$ , 2  $\frac{1}{2}''$ , 2  $\frac{3}{4}''$  and 5'', 5  $\frac{1}{4}''$ , 5  $\frac{1}{2}''$

5 – Fold along those score lines using mountain and valley folds to create a concertina effect...

6 – Apply a strip of very strong adhesive tape to the side and bottom edge and push firmly together to create your pocket

7 – Apply strong adhesive to the bottom of the pocket - be very careful to apply the adhesive strip as low as you can so that the top flap can tuck inside

8 – You are going to stick this pocket to that little flap on the outside piece – line up and push down firmly in place. By adhering it to this little flap, you can move your chocolate holder forwards giving you room behind it to stamp a sentiment or write a note

9 – This is how your project will look at this point...

10 – And this is how it looks with a chocolate square in there...

11 – And here it is all closed up – the front flap tucks behind the little one bottom one just like a matchbook – you may need to trim that front flap to get a perfect fit

This is how I decorated my Matchbook Chocolate Holder – all items that I used are listed in the supply list at the top of this Project Sheet:
