Instructions:

1. Cut the Lemon Lime Twist, Berry Burst and Whisper White layers and adhere them all together
2. Stamp a bunch of Lemon Lime Twist wreaths using a stamp from Brightly Lit Christmas and cut out using the coordinating die from Christmas Lamppost Thinlits – adhere them in place on the white layer
3. Stamp Happy Birthday using a stamp from Window Shopping and cut out using a die from Stitched Shapes Framelits and add to the layer
4. Wrap around a piece of Berry Burst Finely Woven Ribbon and secure with tape on the back of the Lemon Lime Twist layer – adhere all of the layers to the Soft Suede card base
5. Add another wreath just below the ribbon using Mini Dimensionals – you can use some White Bakers Twine to ‘hang’ it onto the ribbon like I did or you can skip this step – it looks great either way!
6. Make a bow and add to the ribbon using a glue dot
7. Use the small flower die from Welcome Home Framelits to cut out a bunch of colorful flowers and add them to the wreaths using glue. Pop a sparkly Rhinestone Jewel into the center of each and you are done 😊
