

**This is a card that contains a useable keepsake for a Mom or Grandma to keep – it holds a slide out bookmark that you can write something on for Mom to read every time she uses it.**

I decided to decorate my card using beautiful feminine patterned papers...

And kept my bookmark simple – it slides out from a pouch and has a piece of beautiful ribbon on top...I left the bookmark blank to give me lots of room to write a note on...

## To make the card:

Firstly cut your basic card base - take a piece of cardstock that measures 8 1/2" x 11" and slice in half so that you have a piece measuring 4 1/4" x 11"...

Score in the center at 5 1/2" and add a layer of patterned paper or cardstock - my layer measures 4" x 5 1/4"...

Then separately, put together the top layers which will become your pouch...

I cut a piece of cardstock to be 3 5/8" x 4 7/8" and onto it layered a piece of patterned paper measuring 3 1/2" x 4 6/8" - and adhere these layers together...

Turn this panel over and apply a line of Dimensionals to each side - and apply a strip of foam mounting tape along the bottom edge.

If you don't have any of this tape to hand, you can use a line of Dimensionals but be sure to get them close up together so that the bookmark doesn't fall out the bottom...

Peel the backing strip off of the dimensionals and tape and adhere to the front of the card...

Add decorations and embellishments as wished!

On my card I used papers from Paisley Petals DSP to decorate my card and used the cardstock colors Early Espresso and Whisper White.

My sentiment is from the set Teeny Tiny Wishes and I die cut that beautiful flower using my Big Shot and Fun Flowers Die - I added texture to it using my Perfect Polka Dots Embossing Folder.

For a feminine touch I added a border that I edged using the Scallop Trim Border Punch...

## To make the bookmark:

Cut a piece of cardstock to measure 5 1/4" x 2"...

And add layers of cardstock, patterned papers & embellishments as wished - you can round or cut diagonals on the corners to give shape and make a pull tag or add some ribbon as wished.

I kept mine simple and added a piece of Baja Breeze Seam Binding to the top and a simple 'love you' stamp at the bottom from Valentine Defined.

The rest I decided to leave blank to write a note...but if you prefer you can decorate with papers and embellishments...
