

**This tutorial shows you how to turn your Witches Boot into a cute Treat Holder...**

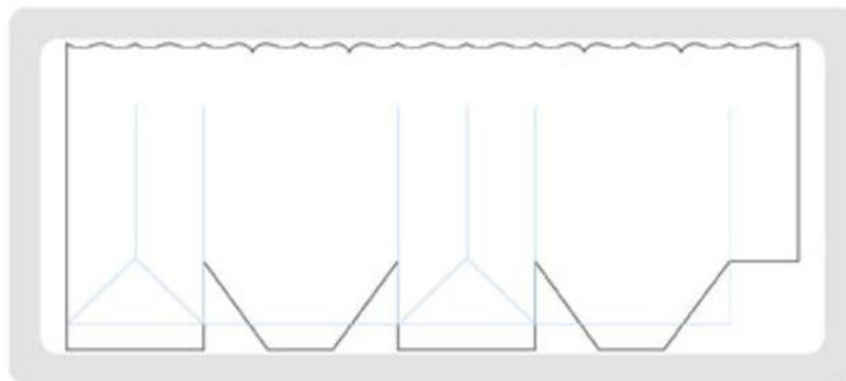

I simply sandwiched a box between two of these gorgeous boots for a fun Halloween gift.

**To make this Treat Holder you will need to have already made two Witches Boots – visit my blog at [www.sarahsinkspot.com](http://www.sarahsinkspot.com) to find my free tutorial showing you how to make them!**

Take your two Witches Boots that you have already made.

You will also need to make a Box to go between them - I used the [Fancy Favor Bigz XL Die](#) (pg 221) to make my box - here is that die:

Take your first Boot and assembled Box...

Turn it so that one narrow end is face up...

Apply very strong adhesive tape such as Sticky Strip...

Remove the backing strip and carefully position your first Witches Boot onto it - when happy with the position, push down to adhere firmly...

And this is what you will have...

Repeat on the other side using your second Boot....and there is one CUTE treat holder...

Here is a view so that you can see the Box sandwiched in the middle...
