- Layer: Whisper White 4" x 4 ¼"
- Stamped layer: Whisper White 3" x 3"
- Gray mat: Smoky Slate 3 ¼" x 3 ¼"
- Patterned paper banner: 4 ½" x 2"

### Instructions:

1. Adhere Whisper White layer to card base
2. Cut a 2" strip of patterned paper and shape one end using the Triple Banner Punch – then use your paper trimmer to cut the other end so that you have a strip measuring 4 ½" – adhere to card base
3. Stamp the cat shape onto the white square – stamp the head of the cat onto a scrap of white and punch out using the Fox Builder Punch – stamp the face features – and add to the cat using Dimensionals
4. Add a small Rhinestone Jewel just beneath the head to simulate the tag on a collar
5. Stamp a sentiment beneath – I used a cute phrase from the set Designer Tin of Cards – you can of course use anything to suit the occasion
6. Adhere your stamped layer onto the gray mat and position in place on the card base
7. Use the Tree Builder punch to punch a small blue flower, add Rhinestone Jewel in the center & add to the card
8. And there you have one super cute, adorable, easy to create any occasion card!
