Combining Shipping?

- YES I do that – I only charge you actual shipping costs – please email me with the details of what you would like and I will calculate your total due
- If you want more than one Ribbon Sampler Share spot we can do that – for example if you want two of the Ribbon spots to give you 2 yards of each ribbon, I will cut your ribbons into 2 yard lengths and of course shipping will be combined – the same if you want 12x6 sheets of papers instead of the 6x6 size
