

A Row of Tiny Treat Boxes filled with Holiday Nuggets & a Tea Light

Supplies:

Stamps: Merry Mistletoe (CM 143655/WM 143650)

Dies: Stitched Shapes Framelits (145372), Seasonal Layers Thinlits (143751), Big Shot (143263)

Embossing Folder: Softly Falling (139672)

Cardstocks: Dazzling Diamonds Glimmer (135315), Vellum (101856), Whisper White (100730), Cherry Cobbler (119685)

DSP: Be Merry (144111)

Inks: Early Espresso (126974), Garden Green (126973)

Punch: Decorative Ribbon Border (143721), 1/8" Circle (134365)

Ribbons: Whisper White Solid Bakers Twine (124262), Garden Green 3/8" Stitched Satin (144181)

Misc: Clear Tiny Treat Boxes (141699), Boxwood Wreaths (144176), Metallic Enamel Shapes (141678), Dimensionals (104430), Glue Dots (103683), Tear & Tape (138995), Paper Snips (103579), Tea Light, Hershey Nuggets

Instructions:

1. Take 3 Clear Tiny Treat Boxes and pop into shape. Cut three 2" x 2" squares of Dazzling Diamonds Glimmer Paper and adhere one to the inside base of each box to create a sparkly snowy floor
2. Take 2 of the boxes – you are going to do the same to each of them. Cut two pieces of Vellum cardstock to measure 2" x 6" – emboss both with the Softly Falling Embossing Folder to give a snowy look – pop each into your scoring tool with the long edge at the top and score at 2" and 4" – fold along those score lines.
3. Take the first box making sure that you have the lid fold line facing you (you want the flap where the lid closes & locks at the back for prettiness reasons ☺) – pop your snowy vellum backdrop so that the back & sides are covered and the front is the window. Repeat for the second box.
4. To make the gifts – take 4 Hershey Nuggets and use tape to hold them together. Cut two strips of DSP to be 1" x 6" and wrap each strip around the Nuggets in a criss cross fashion. Add Garden Green Satin Ribbon and finish with a bow – pop into your box and use a glue dot to hold in place – repeat for the other box – and those two end boxes are complete
5. For the center box – cut a piece of starry night paper from Be Merry DSP to measure 2" x 6" and score & create a backdrop as you did for the other two boxes
6. For the tea light holder - cut a piece of Vellum to measure 2" x 4", texture with the Softly Falling Embossing Folder and score at 2" in – fold along that score line- take a tea light and pop a glue dot on the side – this will hold it to your vellum but you can still access the on/off switch on the bottom
7. Using a stamp from Merry Mistletoe & Garden Green ink, stamp a tree and cut it out – add it to your vellum using a Dimensional – and pop your tea light holder into the center box – push it to the back so that you can see a little glittery snow on the floor at the front of that box
8. Line all three boxes up and use Tear & Tape Adhesive to hold them together
9. Take a strip of 11" long Whisper white cardstock and use the Decorative Ribbon Border to shape it – add to the bottom edge using glue dots
10. Stamp another green tree and then the reindeer using Early Espresso Ink and cut them out using Paper Snips – add to your box using Dimensionals

11. Use a die from Seasonal Layers Thinlits to cut out a snowflake and add to the box along with a silver jewel in the center from Metallic Enamel Shapes
12. To create the tag on the top, stamp 'Christmas Wishes' using Early Espresso Ink and cut out using an oval die from Stitched Shapes Framelits – use hot glue to attach to a Box Wood Wreath
13. Punch a few small circles of Cherry Cobbler cardstock to make berries and tuck them onto the wreath between the leaves using glue dots
14. Add a bow made of White Bakers Twine and pop another Metallic Enamel jewel on top of it
15. Attach to the center box lid using Dimensionals – be sure to only attach it to this one lid so that you can still open & close it to turn the tea light on and off...
