### Step 1: Inside Box

Cut a piece of Sweet Sugarplum Cardstock to measure 7" x 6". Score at  $\frac{1}{2}$ " and 1" on all four sides:

**Step 4:**

**Step 5:**

**Once the slit has been cut for the tab, cut each side of the tab at an angle. This will make gluing the sides easier:**

**Step 6:**

**Add Tear & Tape to each side of the box on the scored sections with the tabs as shown:**

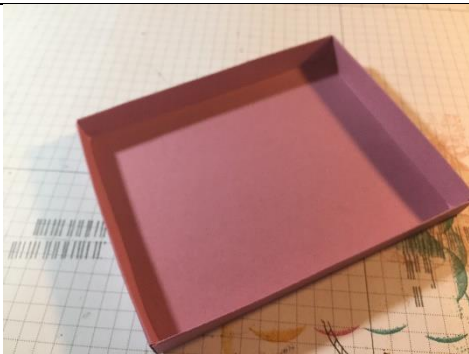

**Step 7:**

**Remove backing from Tear & Tape on the two long sides and fold the sides over towards the inside of the box:**

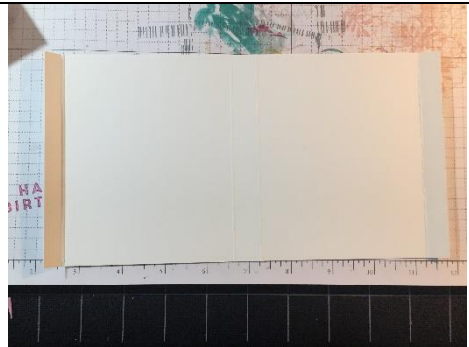

**Step 8:**

**Step 13:**

Add glue to the back of one label:

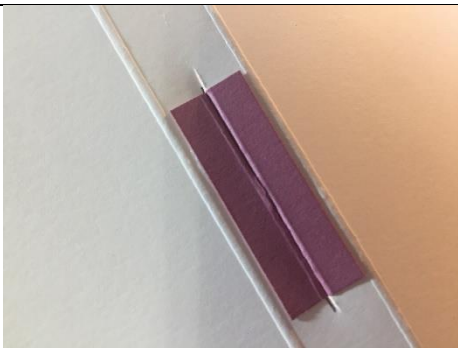

**Step 14:**

**Step 15:**

Using a pencil, create a mark on the center tab in the middle and a little longer than the label. This should be done on the same side as the Tear & Tape:

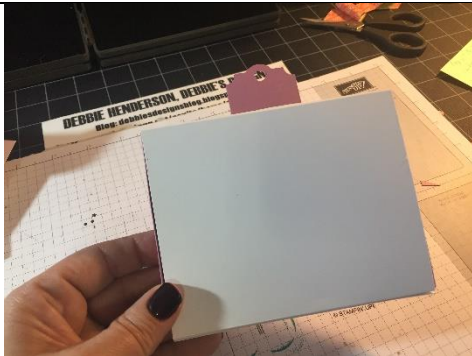

**Step 16:**

Cut on the pencil line to create a slit (paper cutter or Exacto knife), push the label through the slit. Add glue under both tabs of the label and press in place to glue:

**Step 17:**

Using ¼" Circle Punch, snip a hole at the top of the label which is now a handle:

**Step 18:**

Peel the backing from the Tear & Tape and overlap the ends to form the lid for the box. Slide the lid over the box section:
