2. Suit - Crease all your folds. Peel the long white backing piece of Tear Tape off and fold the box in half. Then bring the sides up to form little pockets.

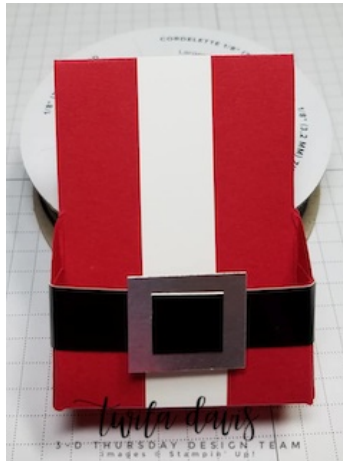

3. Fur - Cut a piece of Whisper White CS 5/8" x 2" and another at 5/8" x 1". Add the 2" piece to the inside middle of front pocket. Add the 1" to the outside middle of front pocket.

4. Belt - Cut a piece of a Black Foil Sheet to 1/2" x 6 1/2". Add Tear Tape to the back. Peel off paper backing. Beginning at the middle of the front pocket, attach it to the top part of the pockets wrapping it all the way around and overlapping in the front.

5. Buckle - Cut a piece of a Silver Foil Sheet to 3/4" x 7/8". Cut a piece of Black Foil to 1/2" x a short 1/2". Attach these two pieces together then using Dimensionals attach to front of belt for the buckle.

6. Beard - Using the Big Shot and Seaside Emboss Folder, emboss a scrap of Whisper White CS. Using the embossed CS and the Whip Cream Framelit from Coffee Cups Framelits, cut one out. Attach it to the top part of the Santa Suit Box using Dimensionals. Using the 1/8" Handheld Circle Punch, punch a hole in the upper middle of beard.

7. Stamp the "Ho, Ho, Ho" part of the Tags and Tidings Stamp in Memento Black and cut out using the Big Shot and matching Framelit Die. Color in the Ornament O using Real Red and Basic Black Stampin' Blends. Cut an 8" of Black Cord and string through the tag, beard and box. Tie in a bow.

8. Cut a piece of Whisper White CS to 1" x 1 1/2". Stamp "Merry Christmas" from the stamp set Many Blessings using Memento Black. Attach this piece of CS to the upper back of the holder.
