- Miscellaneous: Chocolate Hearts Candy

## INSTRUCTIONS:

1. Cut a piece of Powder Pink Cardstock to measure 6-1/4" x 5-1/2". On the 6-1/4" side, score at 2-3/4" & 3-1/2". Fold on the score lines to create the keeper shape as shown in photo 2.

2. Cut a piece of Whisper White Cardstock to measure 5" x 2-1/4" and a piece of All My Love Designer Paper to measure 2-1/4" x 2". Glue the designer paper to the bottom of the white layer.

3. Stamp the sentiment about 1/2" above the designer paper using Lovely Lipstick Ink. Stamp the heart using Powder Pink Ink to the left and about 1/2" from the top and overlapping the sentiment.

- Stamp the small heart image on a scrap piece of Whisper White Cardstock using Lovely Lipstick Ink. Cut out with the die and glue in place to the right of the large heart and overlapping using Stampin' Dimensionals.

- Add a strip of Tear & Tape along the top of the designer paper and over the whole length of the keeper as shown in the photo.

- Cut the ribbon to measure 13". Peel the backing from the Tear & Tape and press ribbon in place, allowing both ends to extend equally on each side of the keeper.

7. Add Stampin' Dimensionals to the back of the chocolate and glue to the inside of the keeper vertically. Depending on the size of the chocolates, I was able to fit three.

8. Close the keeper and tie the ribbon into a loose double-knot!
