- Cardstock: Calypso Coral (122925), Soft Suede (115318), Blushing Bride (131198), Very Vanilla (101650), Basic Black (121045)
- Accessories: Stamping Write Black Marker (part of set 147154), Stampin Blends Dark Soft Suede (146875), Stampin' Up Filigree Brads (retired), Uni-ball White Signo Broad Gel Pen (Amazon),

- Tools: Stampin' Up Tufted 3D Embossing Folder (151785), ½" round punch (119869), ¾" round punch (retired), 2" round punch (133782), Sprig Punch (148012), Hot Air Balloon Punch (149520), Dog Builder Punch (148543), Layering Ovals Dies (141706), Layering Circles Dies (141705), Arts & Crafts (149580) and Small Hole Punch (other)
- Miscellaneous: Snail Adhesive (104332), Fine-Tip Glue Pen (138309), Tear & Tape Adhesive (138995), Bone Folder (102300), Stamping Sponges (141337), & Snips (103579)

INSTRUCTIONS: See photos on next page to go with the steps

Using 8-1/2" x 11" Calypso Coral Card Stock, score at ¾", 4-1/2", 6-1/2" & 10-1/4". Turn Right once and score at 2" and 6-1/2". Burnish all scored lines.

In Portrait Orientation, fold both side pieces inward toward the center (they will not meet). There will be a small rectangular section 2' x 4-1/2" in the middle. This will be your bottom of the Purse / Treat Holder. The two small ¾" sides will also fold inward over the previously folded sides. The sections between the bottom and the ¾" sections will be what will be embossed next (purse sides)

Using a Die Cutting/Embossing Machine of your choosing and the Tufted 3D Embossing Folder, emboss your design only on both side sections and the ¾" tops. With both sides folded in (portrait orientation), take the end of the second score, from the bottom score and fold back to meet the outside score. Repeat for each of the other 3 same spots. See Pics

Cut 2 pieces, 1-1/2" x 4-1/2" in Basic Black. Cut 2 pieces, ½" by 9" in Basic Black. Set aside. These will be the top of each side on your purse/treat holder & the straps.

Punch the following in Soft Suede: 2 - 2" Circles (Belly), 2 - smallest oval dies, 4 - next smallest oval dies, Balloon from Hot Air Balloon Punch and 2 - 2 ¾" circles.

Punch the following in Blushing Bride: 4 – smallest oval dies, Heart from Dog Builder Punch and the small flower design from Arts & Crafts Dies.

Punch the following in Basic Black: 1 - largest circle from the Layering Circle Dies and the top two ‘leaves’ from the Sprig punch.

Punch the following in Very Vanilla: 2 – ¾” round & 2 - ½” round

Use a ¼ Stamping Sponge to ‘Ink the edges’ of each item punched. Soft Suede CS with Soft Suede Ink, Blushing Bride CS with Blushing Bride Ink, Very Vanilla CS and Soft Suede Ink. None needed for the Black Circle.

Assemble the back design first in the bottom-top order. Large Black Circle, 2” Soft Suede Circle, 2 of the second smallest soft suede ovals (these are the back paws underside)) and 2 of the smallest blushing bride ovals. It is highly recommended to use a strong adhesive so it will hold up over time. Use Snail to assemble back side of bunny, then use Tear & Tape Adhesive on the bottom of the bunny’s back side to adhere to large black circle. Repeat with Tear & Tape Adhesive on the underside of the assembled piece to attach to the back of the purse, keeping clear from the top edge.

Before assembling the front design, use your stamping write black marker and add whiskers & dots on each of the ¾” very vanilla circles. Use your dark stamping blends soft suede to add 3 lines on each of the two front paws and use the Uni-ball White Signo Broad Gel Pen to add ‘reflections’ to the two black eyes. Tip – arrange first to determine the best placement.

Assemble the front design next in bottom-top order. 2” Soft Suede circle, 2 smallest Soft Suede ovals (back paws), 2 ¾” circles (front paws), Hot Air Balloon (upside down and trim the top with your snips), Second smallest Soft Suede ovals, smallest blushing bride ovals, ½” very vanilla circles, ¾” very vanilla circles and blushing bride heart. Assemble first with Snail then apply Tear & Tape Adhesive on the back side of the bunny. Set aside before removing tape.

Using a small hole punch, punch holes in both sides of each of the top black pieces and top of each side of the purse – making sure to align the holes in each. Also punch holes in both ends of the black straps. Tuck in the side slightly. Before applying each black top to the sides of the purse, use Tear & Tape to secure the inside sections of the calypso coral to each other. Then apply Tear & Tape to each side of the black top section and secure firmly.

Use a decorative brad to attach the black straps to the purse and press down on the back side to firmly secure.

Now, remove the tape covering of your bunny and apply to the front of your purse / treat holder.

Add various types of treats like mini kind bars. Hope you enjoy!
