- Miscellaneous:

INSTRUCTIONS:

Step 1: Cut & diecut the following cardstock and designer paper:

- (3) Hand Penned designer paper 5-1/4" x 3-1/2"
- (3) Basic Black Cardstock cut with the largest scalloped rectangle from the Stitched So Sweetly Dies
- (3) Highland Heather Cardstock cut with the Hippo & Friends Dies and then embossed using the Painted Texture 3D Embossing Folder
- (2) Hand Penned Designer Paper 5-1/4" x 3/4"
- (2) Hand Penned Designer Paper 3-1/2" x 3/4"

Step 2: Add the layers to the box top as follows:

- Glue one designer paper layer flat.
- Glue one Basic Black scalloped rectangle using Stampin' Dimensionals.
- Glue one Highland Heather diecut over the rectangle using Stampin' Dimensionals.
- Stamp the sentiment from the Flowers Of Friendship stamp set using StazOn Jet Black Ink on Basic White Cardstock. Cut with the Stitched So Sweetly Dies and glue over the Highland Heather layer using Stampin' Dimensionals.

Step 3: Repeat the same layers from Step 2 for the inside of the box and the inside of the lid but glue all of the layers flat.

Step 4: Add butterflies to the front of the box. Stamp all of the butterflies with StazOn Jet Black Ink on the colored cardstock, 2 per butterfly. Use a Sponge Dauber to add the same ink color to the center of each butterfly. Cut with the die. Glue the two identical butterflies layered together with Mini Stampin' Dimensionals and glue to the lid with Stampin' Dimensionals. The smaller butterflies are one layer and glued in place with Mini Stampin' Dimensionals.

Using Soft Sea Foam Cardstock, cut with the Sprig Punch. Tuck and glue the sprigs under the butterflies and sentiment.

Add Matte Black Dots to the sentiment layer and to the designer paper.

Step 5: Decorate the inside box bottom and top like the lid.

For the sentiment on the box bottom, cut a piece of Basic White Cardstock and the Foam Adhesive Sheets to measure 3" x 2". Glue the adhesive sheet to the cardstock. Cut the sentiment using the Love You More Than Dies (use the first two lines of the die only). Peel the backing and glue the sentiment in place as shown in the photo.
