Stampin' Up! Supplies Used:

Stamps: Celebrate Sunflowers (152517)

Dies: Warm Wraps (153521), Layering Circles (151770), Smooth Sailing (149576), Sunflower (152704)

Embossing: Tasteful Textile 3D Embossing Folder (152718)

Designer Series Paper: In The Wild (155817)

Cardstocks: Early Espresso (119686), Crumb Cake (120953), Bumblebee (153077), Cajun Craze (119684), Basic White (159276), Soft Suede (115318)

Inks: Early Espresso (147114), Mossy Meadow (147111), Bumblebee (153116)

Twine: Mossy Meadow 3/16" Braided Linen Trim (154298), Crumb Cake Bakers Twine (155475)

Misc: Mini Coffee Cups (153493), Ladybug Trinkets (154299), Wink of Stella Glitter Brush (141897), Genial Gems (155500)

Adhesives: Mini Glue Dots (103683), Tear & Tape (138995), Black Dimensionals (150893), Fine Tip Glue Pen (138309)

Tools: Sponge Daubers (133773), Stampin Cut & Emboss (149653), 1/8" Circle Punch

Other supplies used: Wooden dowel rod, filler for inside – candies, packet of seeds etc

Take a Mini Coffee Cup – you can leave it plain or paint it or cover it with patterned paper – if you wish to cover it with paper, you will need to make yourself a template – to do this, take a second 'sacrificial' coffee cup and take it apart along the seams and remove the bottom – open it out and this is what you will have...

Hold it flat onto a piece of white cardstock and draw around it with a thick black marker – cut along the lines and now you have a template to use for this project and future coffee cup projects!

Take a piece of patterned paper and lay your template onto it – draw around it, cut it out and wrap around your coffee cup to make sure it fits – then use very strong adhesive tape to adhere to the coffee cup pushing up around the top edge– if the bottom edge is a little rough or it doesn't quite meet the bottom of your cup, no problem – you can wrap around a piece of ribbon or cardstock to cover any gap!

To create the top of the flower pot, take a lid and turn it upside down – take the largest die from Layering Circles Dies and use it to cut out a piece of 'dirt' colored cardstock...

I used the Tasteful Textile 3D Embossing Folder to texture mine to give even more of a soil look...

Use a 1/8" Circle Punch to create a hole that will line up over the little opening hole in the lid...

Cut glue dots in half and place them all around the edge of the circle – turn over and adhere in place into the lid, making sure to keep that circle you punched lined up with the opening hole in the lid...

To create your flower – take a Sponge Dauber, Ink Pad and a wooden Dowel – dab the dauber into the ink pad and use it to ‘paint’ your dowel – leave to dry for a while

Ink up the sunflower stamp from Celebrate Sunflowers using Bumblebee Ink and stamp it onto Bumblebee Cardstock – use a coordinating die from Sunflower Dies to cut it out. Take the coordinating layering die and use it to cut out a piece of Cajun Craze cardstock – line it up and use a glue pen to adhere on top of the yellow flower. Use the flower center die to cut a piece of Early Espresso and apply Wink of Stella Clear Glitter onto it to give it a sparkle – as a finishing touch, add a Genial Gem....

Stamp the leaf stamp 5 times using Mossy Meadow Ink onto Mossy Meadow Cardstock and use the coordinating die to cut out the images – use the layering die to cut out the top pieces and adhere together.

Use Glue Dots to adhere the flower in place and two of the leaves to the back of the stem – use Dimensionals to adhere a leaf onto the front leaf...

Adhere the remaining two leaves onto the 'dirt' and add a little Ladybug Trinket...

I used dies from Warm Wraps Dies to create the belly band around my cup and again used the Tasteful Texture Embossing Folder to add texture to it...

Finally, fill your cup with your preferred treats - pop in your flower – add on the lid and use a couple of glue dots to hold the lid in place – and your treat holder is ready for gifting!

If you have any questions at all about this tutorial please email me at sarah@sarahsinkspot.com and I will be very happy to answer them for you.
