MAY 2022 FREE CARD KIT TUTORIAL

If you placed an order in my store during May you will have received all of the layers, embellishments and pieces to create this pretty Butterfly card! (excluding stamped images)

All images copyright © 1990-2022 Stampin' Up! ®

I hope you enjoy putting your card kit together – I used a sentiment from the set Best Butterflies because I love the boldness of it but you can use any sentiment you would like – have fun & happy stamping!

Sarah

How to assemble your card:

1. Adhere the White layer to the Calypso Coral card base
2. Adhere the two patterned paper pieces onto it – the bolder pattern goes at the bottom and the small printed pattern at the top
3. Wrap around a piece of Glittered Organdy Ribbon and tape to the card base underneath where the large die cut circle will go
4. Wrap around a piece of White Bakers Twine on top of it and finish with a bow to the side
5. Adhere the large die cut circle on top
6. Use sharp scissors to cut out your butterfly and add to the circle using Dimensionals
7. Stamp your choice of sentiment (I used Calypso Coral Ink for mine) and adhere using Dimensionals
8. Dot around the sparkly Opal Rounds gems and there you have one pretty card ready for giving!

Here is a sneak peek of the **FREE CARD KIT** for **ALL** orders placed in my online store during **JUNE!** You will receive the card base and **ALL** of the cut patterned paper layers, embellishments and die cuts/punched pieces to create this fun summery card!

I wanted the colors of this card to reflect (in a soft pretty way) the red, white and blue colors of the upcoming July 4th holiday and for my red I chose Sweet Sorbet and my blue is Pool Party – SO pretty together along with that fun seagull themed background paper!

To secure your **FREE JUNE CARD KIT** simply place an order in my online store and you will automatically receive one along with your Thank You Card. You can find my store by going to my blog at **SarahsInkSpot.com** and clicking on the **SHOP** button OR by going to **sarahsinksplot.stampinup.net**
