OCTOBER 2022 FREE CARD KIT TUTORIAL

If you placed an order in my store during October you will have received all of the layers, embellishments and pieces to create this Holiday Deer Snow Scene card! (excluding stamped images)

All images copyright © 1990-2022 Stampin' Up! ®

I hope you enjoy putting your card kit together – I used a sentiment from the stamp set Brightest Glow that is a set full of different holiday sentiments but you can use any sentiment you would like – have fun & happy stamping!

Sarah

How to assemble your card:

1. Take the white velvet strip and adhere to the blue layer
2. Adhere the embossed mountain scene layer above it
3. Wrap the ribbon around the seam between the two layers and secure on the back with tape
4. Adhere to the white card base
5. Use a glue pen to adhere the trees in place, their trunks under the ribbon
6. Take the small trunk section and use it to extend the brown tree so that the trunk will stick out below the sentiment circle
7. Use sharp scissors such as Paper Snips to cut out the deer and bird shapes and use dimensionals to add the deer to your card
8. Stamp your sentiment and use dimensionals to add it over the brown tree
9. Use a double layer of dimensionals to add your bird just underneath the circle
10. Use a glue pen to adhere the three sequins at the top of the card and the four domed clear elements in the snow around the bird & deer – and there you have one festively cute card ready for giving!
