Cut a piece of cardstock to measure 7 1/2" x 4" - place into a score tool with a long edge at the top and score at 1/2", 1 1/2", 4" and 5"

Turn around so that a short edge is at the top and score at 1"

Cut away the smallest panel to create a tab

Fold along all score lines and cut up to the intersecting score lines on the small panels to create tabs

Apply strong adhesive tape such as Tear & Tape to the long and small tabs, fold up and close to create a box – slide in your treat and decorate!

This is how I decorated – all items that I used are listed in the supply list at the top of this Project Sheet:
